	Automatic Dialing Alarm Systems for remote site monitoring
<b>Durant</b> <sup>®</sup>	Panel Meters, Totalizers, Counters, Batch and Process Controllers
<b>Endress+Hauser</b>  People for Process Automation	Process Measurement Instruments, Services and Solutions: Level – Radar, Ultrasonic, Capacitance, Vibration, Hydrostatic. Flow – Coriolis, Electromagnetic, Thermal, Ultrasonic, Vortex. Pressure, Differential Pressure, & Temperature Transmitters. Liquid Analysis – pH/ORP, Conductivity, DO, Turbidity, Chlorine, Nitrate, Ammonia, Phosphate, BOD, COD, TOC, Toxicity. Recorders, Indicators, Remote Monitoring and Diagnosis.
	Turbine and Positive Displacement Flowmeters
	Process and Laboratory Refractometers, Carbonated Beverage Analysis Systems
<b>NICHOLSON</b> STEAM TRAP	Steam Traps, Pressure Powered Pumps, Safety Relief Valves, Uniflex "No-Leak" Pipe Unions, Strainers
	Wireless Interface and Data Products, Signal Conditioners, Power Supplies, Lightning/Surge Protection, Intrinsic Safety
 Providing Solutions Through Innovation	High Performance Polyethylene Storage Tanks
<b>ProMinent</b> <sup>®</sup>	Chemical Metering Pumps, Polymer Preparation Systems, Disinfection and Oxidation Systems, Analytical Instrumentation
SCHUBERT  SALZER INC.	Control and On/Off Valves, Sanitary Valves
<b>tyco</b> / <b>Environmental Systems</b>	Continuous Emission Monitoring Systems, Particulate Opacity Monitoring; Combustion, Process, and Gas Analysis
UNIVERSAL <b>UM</b> FLOW MONITORS	Flow Indicators, Switches, and Transmitters
 WEDGEWOOD ANALYTICAL	Optical and Electrochemical Liquid Analytical Instrumentation, UV, color, turbidity, and cell growth
 ELECTRICAL TEMPERATURE DIVISION	Thermocouples, RTD's, Thermowells, Temperature Transmitters
OTHER PRODUCTS:	Dwyer Instruments, Jordan Valve, Precision Digital. GPE Controls, Flux Pumps, Uehling Instrument Company
